

REMARKS

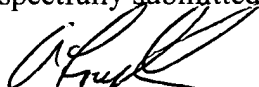

Claims 1-20 are in the application. Claims 1-6 were provisionally rejected as claiming the same invention as that of claims 1-6 of copending Application No. 10/541,536. Accordingly, by this amendment, claims 1-6 are canceled. Claims 7-8 were allowed, and Applicant is amending these two claims herein to correct certain minor typographical issues. Applicant had submitted claim 9 in a previous amendment, but at this time is uncertain as to whether claim 9 is of record in this case (although Applicant notes that the body of the office action references claim 9 as being allowed). In an effort to clarify this matter, Applicant has indicated herein that claim 9 is canceled. Claims 10-20 are added by this amendment to cover certain dependant features associated with allowed claims 7-8. Support for these additional claims can be found in the specification and figures; for example, see pages 132-139, and Figures 63-76.

If there are any questions regarding these matters, Applicant's attorney requests an opportunity to discuss any such matters with the Examiner.

No new matter has been added.

Consideration and allowance is requested. Please charge any additional fees due, or credit any overpayment, to Deposit Account No. 50-0251.

Respectfully submitted,

Alan R. Loudermilk
